

UltraDot Red-Dot Sights

Using a red-dot sight on a *Mini-Scout-Mount*[™] gives the shooter a number of advantages:

- The forward mounted position of the red-dot sight allows much better peripheral vision, resulting in faster target identification and safer shooting.
- With both eyes open, the shooter can get the red-dot on the target faster and track moving targets more effectively.
- Forward mounting of the red-dot sight improves the balance and carrying characteristics of the firearm.

Omega Mounts is proud to introduce the **UltraDot** series of red-dot sights into our product line. We extensively tested numerous red-dot sights from several different manufacturers, and found **UltraDot** to be robust and accurate for a reasonable cost. They are made in Japan and come with a lifetime warranty. With four models to choose from, you can match an **UltraDot** to your particular firearm and shooting style.

The **L/T** is a reflex style sight and the smallest, lightest **UltraDot** we offer. Its size makes it particularly well suited for the M1-Carbine and 10-22 Carbine.

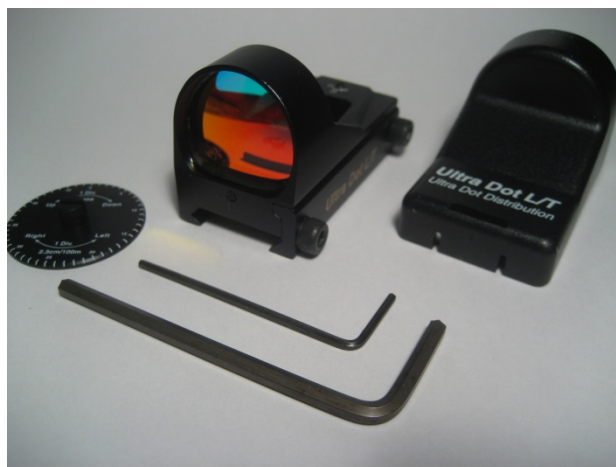

The **MatchDot** is in a rugged 30mm tubular frame and features an illuminated dot that is adjustable in size as well as intensity. This is a distinct advantage for the rifle shooter who engages targets at longer range.

The **UltraDot 30** comes in a rugged tubular frame and popular 4 MOA illuminated dot. The 30mm tube offers the shooter a slightly larger viewing window and field of view.

The **UltraDot 25** is the most affordable and has a very compact but rugged 1-inch tubular frame design with the 4 MOA illuminated dot. It is a practical choice for all kinds of shooting.

UltraDot L/T

MAGNIFICATION:	1 x
REFLEX LENS:	H-18mm
DIAMETER:	Diagonal – 26mm
FIELD OF VIEW:	13.4m @ 100meters
DOT SIZE:	4 MOA
PARALLAX FREE AT:	50 m
OPERATING TEMPERATURE:	-20 deg C to + 50 deg C
BATTERY TYPE:	Lithium, 3V, Duracell DL 2032
BATTERY LIFE:	200 – 4,000 hours
BATTERY SHELF LIFE:	Can be stored for 5 yrs.
DIMENSIONS (L x W x H):	50 x 28 x 33.4 mm
WEIGHT:	1.3 oz (37 g)
ELEVATION and WINDAGE:	Adjustments of Up/R:740cm @ 100 meters
MOUNTING:	Integral clamping system fits all the Mini-Scout-Mounts [™]

MatchDot

LENGTH: 5.1 "
WIDTH: 1 – 7/8" (48 mm)
HEIGHT: 1 - 7/16" (33 mm)
WEIGHT: 4.8 oz. (137 g)
DOT SIZE: 2, 4, 6, 8 MOA
BATTERY TYPE: Lithium, 3V, Duracell DL 2032
BATTERY LIFE: 200 – 4,000 hours, can be stored for 5 yrs.
MIRROR LENS: Specially coated for specific wavelength band
FILTER SYTEM: Dual, inter-adjustable, Polaroid Filters for max. versatility during extreme light conditions
POTENTIOMETER: Eleven clearly marked and easily distinguishable click stops.
ELEVATION and WINDAGE: Adjustments of 1/2 MOA increments with a moveable zero/reference dial
Dot Electronics: Illumination
Mounting: Comes with Weaver-style rings that fit all the **Mini-Scout-Mounts™**
PACKAGE INCLUDES: Red-Dot Sight, battery, polarizing filter, tube extension, mounting rings and hex wrench.

UltraDot 30 mm

LENGTH: 5 – 1/4" (133 mm)
WIDTH: 2 – 1/8" (54 mm)
HEIGHT: 1 – 5/8" (42 mm)
WEIGHT: 4.8 oz. (137 g)
DOT SIZE: 4 MOA
BATTERY TYPE: Lithium, 3V, Duracell DL 2032
BATTERY LIFE: 200 – 4,000 hours, can be stored for 5 yrs.
MIRROR LENS: Specially coated for specific wavelength band
FILTER SYTEM: Dual, inter-adjustable, Polaroid Filters for max. versatility during extreme light conditions
POTENTIOMETER: Twelve clearly marked and easily distinguishable click stops.
ELEVATION and WINDAGE: Adjustments of 1/2 MOA increments with a moveable zero/reference dial
MOUNTING: Comes with Weaver-style rings that fit all the **Mini-Scout-Mounts™**
PACKAGE INCLUDES: Red-Dot Sight, battery, polarizing filter, tube extension, mounting rings and hex wrench.

UltraDot 25 mm

LENGTH: 5" (126 mm)
WIDTH: 1 – 7/8" (48 mm)
HEIGHT: 1 - 7/16" (33 mm)
WEIGHT: 3.9 oz. (110 g)
DOT SIZE: 4 MOA
BATTERY TYPE: Lithium, 3V, Duracell DL 2032
BATTERY LIFE: 200 – 4,000 hours, can be stored for 5 yrs.
MIRROR LENS: Specially coated for specific wavelength band
FILTER SYTEM: Dual, inter-adjustable, Polaroid Filters for max. versatility during extreme light conditions
POTENTIOMETER: Twelve clearly marked and easily distinguishable click stops.
ELEVATION and WINDAGE: Adjustments of 1/2 M.O.A. increments with a moveable zero/reference dial
MOUNTING: Comes with Weaver-style rings that fit all the **Mini-Scout-Mounts™**
PACKAGE INCLUDES: Red-Dot Sight, battery, polarizing filter, tube extension, mounting rings and hex wrench.
